# W. W. HOBBS OF AMERICA CAUSED BY NATION BEING DRY

President Gompers of American Federation of Labor Points Out Grave Menace in Industrial Centers.

WASHINGTON, July 4.—Prohibition in Detroit, Mich., has brought about an industrial situation acute and charged with danger owing to the spread of radicalism and the deadly doctrine of the I. W. W. President Gompers, of the American Federation of Labor, asserts in a report filed with the senate judiciary committee. The document, which was made public today, supplements Mr. Gompers' testimony before the committee June 16 opposing prohibition.

"In the year and two months since prohibition went into effect," Mr. Gompers' statement says, "the situation in Detroit conditions has been amazing, not to say sinister and threatening. During the past winter hundreds of radical meetings have been held all over the city in various halls and meeting places and the work of radical propaganda has been carried on in a most effective manner."

"The house of the masses," Mr. Gompers says, "the I. W. W. has been created, and the backing of young educated people holding extreme views, to disseminate their beliefs. Copper miners on the upper peninsula of Michigan in open revolt against the absence of their beer," he declared, adding that discontent aroused by prohibition has been directed into all of the movements and was giving them great growth.

"Detroit is the kind of an American," Mr. Gompers further asserted, "it can scarcely be said in fairness that the backing of the I. W. W. movement and the spread of radical socialism there, with attendant unrest and discontent, are altogether traceable to the problem of wages, for many of its working men and women are the highest paid in the United States. On the face of these pretentious facts, the theory that the prohibition straightened out the situation and that peace and concord will hardly carry much weight."

### BELA KUN HANGS 43 AS BUDAPEST REPRISAL

VIENNA, July 4.—The execution of 40 youths of the Budapest military academy and the three officers were ordered by the Hungarian soviet government as reprisal against anti-communists who attempted to seize the telephone and telegraph stations and who bombarded soviet headquarters according to delayed dispatches from Budapest.

Bela Kun, head of the communist government, issued a proclamation that since proper appreciation had not been shown of the "mild treatment of the past three months," blood shall flow henceforth, if necessary, to insure the protection of the proletariat.

Many were killed and wounded during the disorders and a hundred of the counter-revolutionists were arrested. Three of the anti-communist officers were executed. The disorders began on June 24. Three impetuous in the Danube river, where officers and crew aided the counter-revolutionary forces, bombarded soviet headquarters.

Fifty youths from the military academy, who had been taken to the central telegraph station, surrendered to government forces. The anti-communist failed to send aid. Forty of the youths were executed, immense gallows were erected on Kossuth street for the hangings.

Lieut. representative of Italy, the only allied representative remaining, wrote to Bela Kun that the allies would not tolerate ruthlessness against hostages or anti-communist prisoners. Bela Kun replied that the soviet could not permit interference with its internal affairs. J. A. Romanoff protested against the hangings but he was unable to have the 40 military colleagues.

### MINEOLA PREPARES TO RECEIVE BIG BALLOON

MINEOLA, N. Y., July 4.—While no direct word has been received at Mineola from the British freighter R-24, Col. Archie Miller, the commandant, has made plans to cover every hour of the day with his own eyes when the visitor arrives as he will find a welcoming committee on watch. It was a committee of the R-24 would encounter excellent flying conditions if reached at the Mineola coast today. Adverse weather, they thought, might be met between Maine and New York.

All the Mineola hotels are crowded to capacity and almost every house in Mineola has guests. Two thousand military policemen are on duty to handle the crowd.

The R-24 may make exhibition flights over Mineola. The British officers in the mineola, according to a statement by the British officers in the mineola, will be given the opportunity to land. An invitation to fly over these cities has been given by the navy department. The British officers have decided until Maj. Scott, the ship's commander, has an opportunity to command the R-24, which is commanding the British land party.

### PEACE PAGEANT FEATURE OF DAY IN WASHINGTON

Floats Celebrating Peace Parade Pennsylvania Avenue to Capitol—All Nations Represented Take Part.

WASHINGTON, July 4.—A "peace pageant" in which all of the nations having diplomatic representatives in Washington will be represented by floats will mark the celebration in Washington of the first independence day anniversary since the ending of the war.

The parade over Pennsylvania avenue, which will be led by Lieut. Gen. Robert L. Bullard and a contingent of American troops, will end at the capitol, where a series of symbolic spectacles will be given in the early evening. The first spectacle, "The Results of Peace," will show the nations born out of the war "coming up to liberty" and the last will show all the nations banded together to preserve peace.

Members of the president's cabinet, the congress and the supreme court and diplomatic representatives of foreign nations were invited to view the spectacles and the fireworks display on the Washington monument grounds which will mark the close of the celebration. Official business in Washington was suspended today and most members of the cabinet and others remained at home.

### SOUTH RUSSIA IS FREE FROM BOLSHEVİK RULE

NEW YORK, July 4.—Gen. Denikin, the Cossack leader, has issued a proclamation to his army announcing that the South of Russia is freed of the Bolsheviks and that he is moving "to reach the heart of Russia," according to a program received by the director of the Russian information bureau in the United States, and made public today.

The proclamation says that Gen. Denikin has subordinated himself to Admiral Kolchak "as the supreme governor of Russia and the commander-in-chief of the Russian armies."

The proclamation was issued at Ekaterinodar. An Associated Press dispatch from that town on June 30 reported considerable successes won by the Cossacks, including the capture of 5,000 prisoners and several guns.

### CLIFTON WILL SOON HAVE PEARL BUTTON FACTORY

CLIFTON, Tenn., July 4.—(Sp.)—According to agreement just made with Lewis J. Goff, of Paducah, Ky., Clifton will soon have a factory which will manufacture all kinds of pearl buttons from mussel shells.

Mr. Goff, who is connected with a large button manufacturing company, says he will soon ship the machinery here, where it will be installed in the old cannery building in West Clifton. This property was turned over to the company for a period of ten years by the owner, Mr. T. L. Kline, provided the factory operated six months out of each year. The business men of the town will also cooperate with the company and will refund a certain per cent of all wages paid out to employees after the factory has begun operations. The installation of the plant will cost several thousand dollars.

### SOFT BEER BRINGS ARREST IN FRISCO

SAN FRANCISCO, July 4.—Annette A. Adams, Francis State attorney, acting, said, on instructions from the department, announced today that warrants to be issued today for Louis Henrich, president of the Rainier Brewing company, and Rudolph Samet, manager, charging violation of the war time prohibition act.

The offense alleged was the manufacture and sale of beer containing more than one-half of one per cent of alcohol. The Rainier Brewing company, in advertisements had announced that it was manufacturing and had for sale beer containing 2.5 per cent of alcohol.

### FLOODS OF GOLD BECOMES MENACE

WASHINGTON, July 4.—Already possessed of the greatest single stock of gold in history, the United States could lay claim today to most of the remaining free gold of the world in payment of its favorable merchandise balance, the federal reserve bulletin will say in its July issue.

The balance approximated \$2,000,000,000 in the last three years and bids fair to continue at the same rate this year, affording a problem to arrange the payments without bankrupting debtor nations and still further enhancing the credit of living here through the importation of more metal.

### PROTECTION TREATY TO BE PUT BEFORE SENATE

WASHINGTON, July 3.—The agreement between the United States and France, under which this country would pay immediately to the aid of France in case of unprovoked attack on France by Germany, will be laid before the senate by President Wilson at the same time as the peace treaty.

It is believed by officials here that it is considered likely also that the president will have considerable attention to his address to congress upon his arrival in Washington.

The text of the agreement had not been received today by the state department, which several days ago received the peace treaty in the form signed by the German delegates. Congress will have considerable attention to his address to congress upon his arrival in Washington.

# STRAWBERRIES BRING HUMBOLDT \$281,610

HUMBOLDT, Tenn., July 4.—(Sp.)—About \$281,610 was the value of the strawberry crop to farmers surrounding Humboldt, during the year 1919. Ninety-one cars of raw berries and 29 cars of preserved berries were shipped from this point during the season, and as one car of preserved berries is about equal to two cars of raw berries, the total shipments in terms of value amounted to 149 cars. It takes 425 crates to make a car; therefore the 149 cars of raw berries consisted of 62,875 crates. It is 50 per cent the average price paid to growers, and the highest price paid was near the beginning of the season when berries brought \$6.36.

The strawberry acreage was smaller this year than ordinarily, due to the shortage of funds on account of the war, but now since plenty of hands are available, indications are that there will be a large increase in acreage of berries during the following year.

The shipments from this point totaled 149 cars, but were not reported early in the year by the United States bureau of crop estimates, but this was due to the unusual heavy fruitage of the plants.

### SUGAR WILL BE HELD FOR HOME CONSUMPTION

NEW ORLEANS, La., July 4.—Judge R. E. Miling, chairman of the Louisiana sugar committee, announced Thursday that he had received a telegram from the sugar equalization board, Washington, that sugar needed for home consumption will not be allowed to be exported and that 16,000,000 pounds owned by the government and stored in New Orleans would be placed on the market and distributed soon.

# Food From Uncle Sam's Big Granary Saves Polish Kiddies from Hunger

Polish children getting their rations of American food.

Food is very scarce in war-ravaged Poland and were it not for the generosity of Uncle Sam many Polish children would go hungry. The photo shows one of the Polish kindergartens in Stearns, Franklin, Galicia, where this group of children assemble daily to partake of free American food.

### RESTRICTIONS REMOVED FROM P. Q. SHIPMENTS

WASHINGTON, July 4.—War-time restrictions upon the shipments of commodities by mail were relaxed Thursday by the war trade board section of state department. Postoffices will accept shipments of any nature, valued at less than \$200.00, when consigned to any point in the western hemisphere, Africa, Asia, except for Arabia and Turkey, and Europe, except for territory formerly organized by the central powers and Russia.

### AUSTRIANS WOULD TALK

ST. GERMAIN, France, July 4.—The Austrian peace delegation has sent another note to the council. The communication asks that verbal negotiations be had concerning certain conditions of the treaty presented to them which they consider impossible of execution.

### CROSSES DISTRIBUTED

WASHINGTON, July 4.—Award of the Distinguished Service Cross to the following officers and men from the South was announced today:

Capt. Thomas H. Fallaw, Opelika, Ala.; Sergeants Thomas Cooper, Darlington, S. C.; William F. Feigle, Galveston, Tex.

### APPEAL TO QUEEN

PARIS, July 4.—The officers' corps of the Prussian army and German navy, according to a Bern dispatch to Havas, have sent a lengthy appeal to the queen of Holland not to permit the extradition of the former German emperor.

### HUNS WILL RATIFY TREATY AT ONCE

ZURICH, July 4.—The German peace treaty, recently signed at Versailles, will come before the German national assembly at Weimar for ratification Saturday, according to the Zurich Neue Zeitung. It is said the assembly probably will approve the treaty unconditionally.

A German note to the peace conference, made public at Paris Wednesday, stated the Germans expected to ratify the treaty the first of next week.

### ONE PHONE STRIKE ENDS IN ST. LOUIS

ST. LOUIS, July 4.—Girl operators of the Kinloch Telephone company, on strike since last Wednesday, following a conference of company and union officials tonight, voted to return to work tomorrow morning. This will not affect the strike of the Bell company's operators here, it was said.

Both companies and union officials refused to discuss the terms agreed to but the latter said they had modified their demand for the closed shop.

### METHODIST CHURCH LAUDED BY BAPTIST

ST. LOUIS, July 4.—The work of the Methodist church since its origin was eulogized last night by Dr. D. J. Evans, of Liberty, Mo., in an address to a conference of company and union officials in annual convention here. Approximately 1,500 out-of-town delegates are in attendance.

"It may seem strange that a Baptist should praise the Methodists, but that has been one of the most powerful and forceful of denominations," Dr. Evans declared. He also praised the interchurch world movement.
